### THE COMMERCIAL CLUB

Secretary Jesse Simmons Sends Order For New Furniture.

At a meeting of the governing board of the Pioche Commercial club last Saturday evening, Secretary Jesse Simmons was authorized to purchase the furniture which is to embellish the club rooms in the Green wood block at the corner of Main and Lacour streets, which has been leased for \$35 per month.

It is expected that it will take about thirty days for the furniture to arrive; shipment having been made from Saginaw, Michigan.

The first official act of the club was the letting of the contract to build the new Atlanta road to E. D. Stone, a prominent mine operator and business man of Atlanta. The county commissioners at the last meeting, first getting the consent of the supervisor of the Pioche Road District No. 2, authorized the appropriation of \$100 from that fund for expenditure on the roadway. Citizens of Pioche also subscribed approximately \$200 for the purpose and Chairman Carnan of the board of county commissioners, everyone agreeable, suggested that the contract for the work be left to the Commercial club whereupon Vice-president C. A. Thompson, appointed a committee to carry out the program. A committee representing the club will make an inspection of the road when it is reported finished and if the work is found satisfactory the money raised for construction will then be paid over to the contractor.

In taking the contract, Mr. Stone agreed to break through twenty-seven miles of sage brush country between the 21-mile house and Atlanta; also dig the necessary wells and build the necessary bridges. He took a six-horse team with him and five men with a full complement of picks and shovels, expecting to have the road in condition for travel within a week or ten days.

The monthly dues of the club have been fixed at \$2 per month for the present and when the club rooms are opened, each member will be given a pass key so that admission may be gained to the building at anytime night or day.
